YOUR CHOICE

Harvey AI

Legora

~\$40,000/yr

~\$30,000/yr

Free forever

Open source · BYOK

Everything Harvey has. Nothing they charge for.

Full feature parity. Zero licensing cost.

Document Chat

Upload any legal document. Risk flagging, obligation mapping, clause extraction.

Contract Studio

30 contract types across 14 jurisdictions. Jurisdiction-aware drafting.

Legal Workflows

Multi-step due diligence, contract comparison, and compliance pipelines.

Bring Your Own Key

Connect your own Anthropic key. We never see your tokens.

14 Jurisdictions

US, UK, EU, APAC. Common law and civil law.

Data Sovereignty

Open source. Self-hostable. Attorney-client privilege preserved.

Lawyers who made the switch

From Harvey and Legora to free

SC

Sarah Chen

Solo Attorney, New York

"Finally a legal AI that does not cost \$40K a year. Harvey who?"

MO

Marcus O'Brien

Partner, O'Brien & Associates

"Switched from Legora. Law OSS does the same work and I am saving \$28K annually."

PN

Priya Nair

In-House Counsel, FinTech

"The contract drafting is remarkable. 15 jurisdictions actually done properly."

JW

James Whitfield

Criminal Defense, Chicago

"Open source means I can audit what it does with my client data. Harvey cannot say that."

AO

Amara Okafor

IP Litigator, London

"England and Wales drafting is genuinely accurate. Not re-skinned US templates."

DR

Diego Reyes

M&A Lawyer, Mexico City

"Civil law jurisdiction support is a genuine differentiator. Remarkable product."
